

**Remarks**

Claim 1 has been amended to clarify the way in which the invention distinguishes over the cited art. Claim 6 has been made dependent from amended claim 1.

In view of the objection to claims 9 and 11, these claims have been cancelled and replaced by new respective independent claims 21 and 22.

Claims 2-6, 8 and 10 have been made dependent from new claim 21.

Claims 12-18 have been made dependent from new claim 22.

With the action that has been taken, it would appear that the entire case is now in condition for allowance.
